ATTENTION MEN !

We are ready to gear up for the 2011 Men's Seminar and Activities for ages 21 and up. We start at 3:00 pm Wednesday, Sept 2th; and end on Sept 5th. We have worked very hard to be able to have a camp that promotes activities and foundational concepts related to men of today's culture.

If you have ever been to one of our camps, you have found that our camp offers outdoor and indoor activities that are exciting, challenging and very much inspirational! There has never been anyone who has been to one of our camps that did not leave equipped with good memories and a better handle on life and its confrontations. We care about YOU!

You may participate in activities such as Zip Line, Rappelling, Hiking, Basketball, Paint Ball and more! (See, "What Will I Be Doing?") All activities are a lot of fun and have special harness equipment and other protection for your safety. You will learn to conquer life lessons about pain, how to handle life, rejection, failure, brokenness, and your real duties as a man. You will have new challenges, new goals and new direction for your future. You will be equipped to meet the challenges you face and try new things. We hope to inspire a challenged heart as the real you and start your training for life application skills. This will be a very rewarding experience for you! Main meals will be provided.

You will find enclosed a Registration Form, and a Hazardous Release Form that we use for all the camps of all age groups. **The Forms are general in use for all camps and is required to be signed and notarized prior to your attendance. If you have special needs, please contact us *before* attending.**

If you have any concerns regarding your participation in any activity, further information or clarification, please do not hesitate to contact us.

I know you will have a great time and that you will want to come again!

We hope to see you there!

What Will I Be Doing?:

PROGRAM ACTIVITIES:

There will be optional activities (you make the decision whether you would like to participate) such as: Zip Line, Leap of Faith, Rappelling, Paddle Boat War, Canoe, Hiking in the Woods, High Jump, Swimming, Archery, Paint Ball, Basket Ball, Water Sports, Challenge Courses and more!

Activities and classes will include (but not limited to) lessons of life-application challenges as a young man. You are faced with many difficult decisions today. Some have discovered that life is out of control and they have made choices they never thought they would. Many have never had a chance to live a victorious life because of abuse, neglect, confusion, etc. You will find here Biblical truth, a dedicated team and real answers to your situation. Many young men fail because all they are equipped with are good intentions and the opinions of others.

All areas of manhood will be covered: Addictions: drugs, alcohol, smoking, aggression, failures, friends, sex, etc. will be addressed. You will learn both Scriptural and personal keys for freedom! Young men will leave with direction regarding natural talent versus spiritual gifts and how to recognize effective leadership characteristics.

All activities and classes have an inner Biblical reality to them. Those who are considering giving their life to Christ and His ministry can check out our Intern Program.

Check out our website for more detailed information, pictures and videos about the camp.
